

Moving to New York

By

Jessica

Early one morning my family and I were getting ready to move from Colorado to New York. I was sad to leave Colorado I liked it there because I had great friends and my teacher was nice. But, most of all my whole family lived in Colorado.

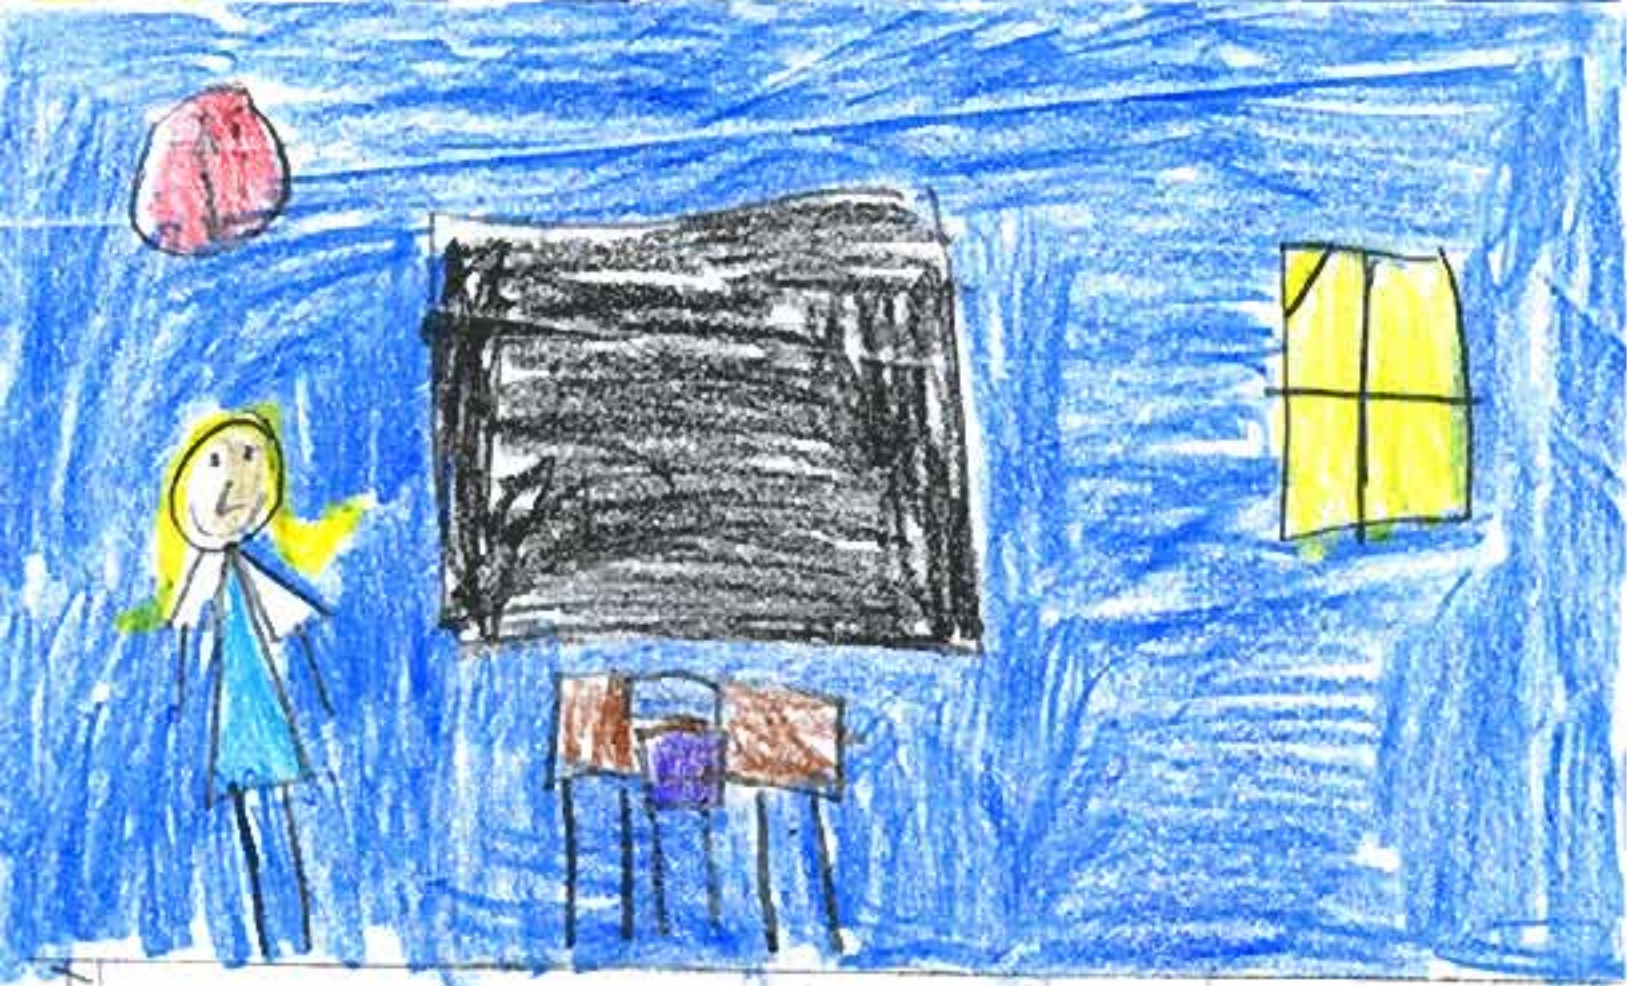

I was happy with everyone
so close. I was with Mimi. She
is my grandma. I love her.

We had to leave our
Colorado home very early
in the morning to get on
the plane to New York. We
had to take two planes to

get there. When we arrived
we went to a hotel. We
stayed there until we found
a beautiful new home.

We like our new house. We
are all settled in. I have my
own room but I like sleeping
with my sister in her room.

The news I'm hearing about my
house is that a golf course is
behind my backyard.

Since I was over I started first
grade and I went to New York
City. I saw the Rockettes at
Radio City Music Hall. I thought
it was a great show.

Now I am in second grade.
I have many new friends
and a great new school. I love
New York.
