A better world
Once there was a little girl who wanted to make a change for the people in the world that did not have very much. She started to raise money and so did her brother. They kept the money they had in a jar. As they got older, they counted the money they raised. Eventually they raised over one million dollars! Their parents were surprised! They set off on their journey. As they found poor people on the side of the road, they gave them each three hundred dollars. Soon all the money they raised was gone, but they were happy that they got to help all those people that did not have money
