# Arthur

**Age Range:** 4-8 years

**Program Description:** Based on children's books by Marc Brown, Arthur chronicles the adventures of Arthur (an 8-year-old aardvark) through stories that explore issues faced by real kids. It is a comedy that tells these stories from a kid's point of view without moralizing or talking down. Situations on Arthur develop in realistic ways and don't always turn out as viewers - or Arthur and his friends - might expect.

## [PBS Learning Media Resources](#) [PBS KIDS SITE](#)

### **Arthur Games**

- Arthur's Animal Home Builder- engineering and building skills
- Arthur's Puppet Theater- story telling and pretend play skills

### **Arthur Videos**

- Arthur on Racism: Talk, Listen, and Act
- Arthur on Wearing a Mask

# Clifford the Big Red Dog

Age Range: 3-7 years

**Program Description:** Clifford uses classic storytelling to help young children navigate a community that is continually changing and expanding. Each half-hour episode follows Clifford and his pals as they interact with each other and the inhabitants of Birdwell Island. The stories are fun, gentle, and kid-relatable, dealing with issues that all kids experience whether it's bragging, sharing, or learning to tell the truth. More importantly, they learn that it's fun to discover the world.

[PBS Learning Media Resources](#)  
[PBS KIDS SITE](#)

# Curious George

**Age Range:** 2-5 years

**Program Description:** Aimed at preschool viewers, Curious George inspires children to explore science, engineering, and math in the world around them. And what better guide is there for this kind of exploration than the world's most curious monkey? George lives to find new things to discover, touch, spill, and chew. Everything is new to George and worth investigating. Of course, in George's hands — all four of them — investigation often leads to unintended consequences!

**PBS Learning Media Resources**  
**PBS KIDS SITE**

## **Curious George Games**

- Curious George's Fair Shares- Counting and Comparison skills
- Curious George's Train Station- Addition skills

## **Curious George Videos**

- Junky Monkey- Sorting related items
- Loch Ness Monkey- geography, culture, legend

# Cyberchase

Age Range: 8-11 years

**Program Description:** Developed for kids ages 8 to 11 and packed with mystery, humor, and action, Cyberchase delivers positive messages about math by teaching concepts in a fun way that kids can understand.

[PBS Learning Media Resources](#)  
[PBS KIDS SITE](#)

## Cyberchase Games

- Space Waste Odyssey- sorting and recycling
- Save the Park- matching numbers (quick addition)

# Daniel Tiger's Neighborhood

**Age Range:** 2-5 years

**Program Description:** Daniel Tiger's Neighborhood is an animated program that builds on the pioneering PBS series Mr. Roger's Neighborhood. This series tells its engaging stories about the life of a preschooler using musical strategies grounded in Fred Rogers' landmark social-emotional curriculum.

## **PBS Learning Media Resources** **PBS KIDS SITE**

### **Daniel Tiger Games**

- Daniel Tiger's Guess the Feeling- explore facial expressions and body language skills
- Daniel Tiger's Barnyard Match- animal recognition and memory skills

### **Daniel Tiger Videos**

- Helpful Tip: When you're feeling frustrated (30 second clip)
- Germs Go Away (55 second clip)

# Dinosaur Train

**Age Range:** 2-5 years

**Program Description:** Through visits to different types of prehistoric lands, Dinosaur Train utilizes children's interest with dinosaurs and trains to teach children about paleontology, natural history, and life science, and encourages them to ask questions about their own world.

[PBS Learning Media Resources](#)  
[PBS KIDS SITE](#)

## Dinosaur Train Games

- Dinosaur Train's Leaf Leader- balance and size skills
- Dinosaur Train's Dinosaur Dive- volume and displacement skills

## Dinosaur Train Videos

- Dinosaur Discoveries (clips to learn about specific dinosaurs)

# Elinor Wonders Why

Age Range: 3-5 years

**Program Description:** Elinor Wonders Why is a new series that aims to encourage children to follow their curiosity, ask questions when they don't understand and find answers using science inquiry skills.

**PBS Learning Media Resources**  
**PBS KIDS SITE**

## Elinor Wonders Why Games

- Elinor Wonders Why Nature Adventure- nature science skills

## Elinor Wonders Why Videos

- Hiding in plain sight- learn about animal's camouflage
- Bath Time- the importance of personal hygiene

# Hero Elementary

**Age Range:** 4-7 years

**Program Description:** Hero Elementary is a school for budding superheroes, where kids learn to master their innate powers, like flying and teleportation, while exploring science along the way. The series aims to give children ages 4 to 7 the tools to solve problems by thinking and acting like scientists and igniting their natural curiosity and empathy.

[PBS Learning Media Resources](#)  
[PBS KIDS SITE](#)

## Hero Elementary Games

- Hero Elementary's Treehouse Trouble- engineering and building skills
- AJ's Recycle Rescue- environmentalism and engineering skills

## Hero Elementary Videos

- What You Don't See (Clip)- learn about animal camouflage
- How to Hero: Find The Pattern (Clip)- song clip about recognizing/analyzing patterns in real life

# Let's Go Luna

**Age Range:** 4-7 years

**Program Description:** Let's Go Luna! follows the adventures of three friends - Leo, a wombat from Australia; Carmen, a butterfly from Mexico; and Andy, a frog from the U.S. - as they travel the globe with their parents' traveling performance troupe, "Circo Fabuloso." At each of the troupe's stops, Luna the Moon guides the trio as they explore the local region and its people. The gang's adventures take through cities around the world, discovering the food, music, art, architecture, and other features that make each place distinctive.

## **PBS Learning Media Resources** **PBS KIDS SITE**

## Peg + Cat Games

- Peg + Cat’s Mega Mall- Color and shape identification and money counting/addition skills
- Peg + Cat Peg’s Pizza Place- Counting and fraction skills

## Peg + Cat Videos

- Curious about Compost- environmental lesson
- Dividing Olives- different ways to divide

# Ready Jet Go!

**Age Range:** 3-8 years

**Program Description:** Curiosity about space starts as soon as kids are old enough to look up at the night sky and begin to wonder: what's up there? Who better to ask about space than someone who's actually been there – an alien boy named Jet Propulsion. Kids learn alongside a seasoned space traveler. Ready Jet Go! is a kid's first introduction to space, earth science, and technology, presented in an entertaining and engaging way that will inspire a life-long interest. As an alien from Borton 7, Jet sees our Planet Earthlike we want our kids to see it: with a sense of curiosity and wonder.

## [PBS Learning Media Resources](#) [PBS KIDS SITE](#)

### **Ready Jet Go! Games**

- Ready Jet Go! Mindy's Constellation Exploration- science and mythology
- Ready Jet Go! Mindy's Moonball- science and gravity

### **Ready Jet Go! Videos**

- Rocks and Minerals (clip)- how rocks are formed
- Gravity (clip)- explanation of Earth's gravity and gravity comparisons

# Ruff Ruffman

**Age Range:** 4-8 years

**Program Description:** The Ruff Ruffman Show features YouTube-inspired videos, digital games and real-world activities to help kids experiment with science in everyday life. Ruff and his trusty assistants, Blossom and Chet, answer questions from kids, take on challenges, and learn the value of failure — all while modeling science inquiry skills.

## [PBS Learning Media Resources](#) [PBS KIDS SITE](#)

### **Ruff Ruffman Games**

- Ruff Ruffman's Dress that Rhino- learn about different materials
- Ruff Ruffman's Fish Force- Force, friction, and angle skills

### **Ruff Ruffman Videos**

- The Cook-off Part 2: How to untoast toast- chemical change lesson
- Plushie on Ice!- Force lesson

# Sid the Science Kid

**Age Range:** 3-6 years

**Program Description:** Sid the Science Kid is an animated television series using comedy to promote the fun of scientific exploration to preschoolers. The series combines a practical science curriculum, with music and humor to ignite children's natural curiosity about science in everyday life. The inquisitive Sid starts each episode with a new question ("Why do bananas get mushy?") and embarks on a fun-filled day of finding answers with the help of family and friends. Sid makes the link between kids' instinctive curiosity and scientific exploration, and preschoolers' questions often involve the same big ideas that scientists investigate.

**[PBS Learning Media Resources](#)**  
**[PBS KIDS SITE](#)**

## **Sid the Science Kid Games**

- Sid the Science Kid's Weather Surprise- environment and temperature skills
- Sid the Science Kid's Pan Balance- weight comparison skills

## **Sid the Science Kid Videos**

- Exploring Measurement
- Temperature Investigation

# Splash and Bubbles

**Age Range:** 4-7 years

**Program Description:** Splash moves from his old home to a new part of the ocean, in which he becomes friends with Bubbles. They go on adventures throughout the water and navigate through the ocean. The show not only talks about environmental impacts that humans make, but also covers important social concepts such as diversity, emotional connections, and individuality.

**PBS Learning Media Resources**  
**PBS KIDS SITE**

## Splash and Bubbles Games

- Splash and Bubbles' Help Our Kelp- Counting and Sorting skills
- Splash and Bubbles' Fintastic Fish Maker- recognizing animal characteristics

## Splash and Bubbles Videos

- Get your feet wet: Bring your own bag- environmental lesson
- Get your feet wet: Whale Sharks- What's the biggest fish in the ocean?

# Super Why

**Age Range:** 3-6 years

**Program Description:** Four fairytale friends go on magical adventures and become reading-powered superheroes. The characters live in Storybook Village, which is accessible through a panel that is represented by an invisible question mark. Preschool children follow the Super Readers as they jump into books that come to life.
