

## Puppets of Peg's Pals

Cat and I love being surrounded by our friends. And now you can be surrounded by our friends too! If you make these stick puppets of our pals.

### TO MAKE THE PIG:

#### Gather your materials:

- Construction paper (light pink, dark pink, black)
- Black marker or crayon
- Wooden craft sticks
- Glue
- Pink pipe cleaner

Print out the sheet of Pig puppet pieces. Use it as a pattern for cutting out the shapes that make the Pig from construction paper. Use the picture of the finished puppet as a guide for what color paper to use for each piece. If you don't have construction paper, you can print the pieces on heavy white paper and have your child color it in.

As you cut out the pieces, talk with your child about the different shapes:

- **Oval:** The Pig's eyes, nose, and arms are ovals. An oval looks like a stretched circle.
- **Rectangle:** The Pig's legs are rectangles. A rectangle has four straight sides, and the sides across from each other are the same length.
- **Triangle:** The Pig's feet are triangles. A triangle has three straight sides and three corners.

Glue the puppet pieces in place using the picture of the finished puppet as a guide.

Give the Pig a tail by curling about 3 inches of pipe cleaner around your finger and gluing it to his bottom. Use a black marker or crayon to draw the pupil in his eye. Draw 2 parallel lines on his snout to make his nostrils. Draw a curved line to make his smile.

Glue the finished puppet to a wooden craft stick.

## TO MAKE RAMONE:

### Gather your materials:

- Construction paper (blue, yellow, brown, white)
- Marker or crayon (black, white, orange)
- Black or brown yarn
- Wooden craft sticks
- Glue

Print out the sheet of Ramone puppet pieces. Use it as a pattern for cutting out the shapes that make Ramone from construction paper. Use the picture of the finished puppet as a guide for what color paper to use for each piece. If you don't have construction paper, you can print the pieces on heavy white paper and have your child color it in.

As you cut out the pieces, talk with your child about the different shapes:

- **Oval:** Ramone's head, hands and hat are ovals. An oval looks like a stretched circle.
- **Rectangle:** Ramone's sleeves, arms and the main part of his shirt are rectangles. A rectangle has four straight sides, and the sides across from each other are the same length.
- **Triangle:** Ramone's shoes are triangles. A triangle has three straight sides and three corners.
- **Semi-circle:** Ramone's ears are semi-circles. A semi-circle is a circle cut down the middle.

Glue the puppet pieces in place using the picture of the finished puppet as a guide.

Give Ramone his cool curly hair by making curl shapes with the yarn around the top of his head. Glue Ramone's beret behind his hair on a slant. Use your black crayon (or marker) to draw his eyes and mouth. Use your white crayon to draw the seams and pockets on his pants. Use your orange crayon to make the stripes on his shirt and shoes.

Glue the finished puppet to a wooden craft stick.

## TO MAKE BIG MOUTH:

### Gather your materials:

- Construction paper (blue, red, yellow)
- Marker, colored pencil or crayon (black)
- Wooden craft sticks
- Glue

Print out the sheet of Big Mouth puppet pieces. Use it as a pattern for cutting out the shapes that make Big Mouth from construction paper. Use the picture of the finished puppet as a guide for what color paper to use for each piece. If you don't have construction paper, you can print the pieces on heavy white paper and have your child color it in.

As you cut out the pieces, talk with your child about the different shapes:

- **Oval:** Big Mouth's hands, eyes, and horns are ovals. His body is made out of an oval. An oval looks like a stretched circle.
- **Rectangle:** Big Mouth's eyebrows are rectangles. His legs are made out of rectangles. A rectangle has four straight sides, and the sides across from each other are the same length.
- **Triangle:** The notches cut out to make the fur on Big Mouth's legs are triangular shapes. A triangle has three straight sides and three corners.

Put the puppet pieces in place using the picture of the finished puppet as a guide.

Use a black marker or crayon to draw Big Mouth's squiggly mouth, and the pupils in his eyes.

Glue the finished puppet to a wooden craft stick.

## TO MAKE A CHICKEN:

### Gather your materials:

- Construction paper (yellow and red)
- Marker or crayon (black and orange)
- Wooden craft sticks
- Glue

Print out the sheet of Chicken puppet pieces. Use it as a pattern for cutting out the shapes that make the Chicken from construction paper. Use the picture of the finished puppet as a guide for what color paper to use for each piece. If you don't have construction paper, you can print the pieces on heavy white paper and have your child color it in.

As you cut out the pieces, talk with your child about the different shapes:

- **Oval:** The Chicken's body and wings are ovals. An oval looks like a stretched circle.
- **Triangle:** The Chicken's beak is a triangle. A triangle has three straight sides and three corners.

Put the puppet pieces in place using the picture of the finished puppet as a guide.

Use a black crayon to draw the Chicken's eyes. Use an orange crayon to draw in the scalloped line for the Chicken's feathers.

Glue the finished puppet to a wooden craft stick.

---

When you're finished making stick puppets of our friends, you can get them all together to do a Peg + Cat Stick Puppet Play!
