The city hall is doing a fantastic job, They are keeping a good eye on all of our citizens. They are doing a great job at the city hall. They are working on paying off their loans, working really hard at their jobs. They keep a look out for people breaking the laws, such as walking on the grass, running, chewing gum, taking food outside of the cafeteria, and no electronics out. If we break a law they make sure we pay the consequences to make sure everyone at Enterprise America is safe and having a good time!

This is a picture of our city finance manager.

We would like to thank the people of Enterprise America to letting us come and learn about all these things. The city hall did a great job keeping everyone safe and doing there job.
