Cut out your Flat Schubert and take him with you wherever you go. Take him to the grocery store, bring him on your hikes, share a boat ride or a trip down the ski slope. Be sure to snap a picture and tag it on Facebook with #FlatSchubertWCNY! It's just as easy to bring WCNY Classic FM along on your travels, too. On your car radio, with the TuneIn app on your phone, through your Amazon Alexa (or similar device), or go to the website – wcny.org – and listen live 24 hours a day.

WCNY-FM went on the air on December 4, 1971. Join us all year long as we celebrate our first 50 years of broadcasting, and stay with us for the next 50 years for great classical music.
