Automotive Center

Hi this is the Automotive Center. We have key chains, air fresheners, rearview mirror charms, and a driving simulation. Everything is cheap cheap cheap. Come on over to the Automotive Center to get the best and cheapest stuff in town. What our business does is teach you how to drive safely. We have a desk for you to do on a computer, you have to try and stay focused while text messages pop up on the screen. Not only will this teach you how to stay focused while being distracted, but also not to text while driving. Just common sense.
