## Story

When I interviewed the mayor I asked these question's: "Why are you excited about being here at enterprise America?"

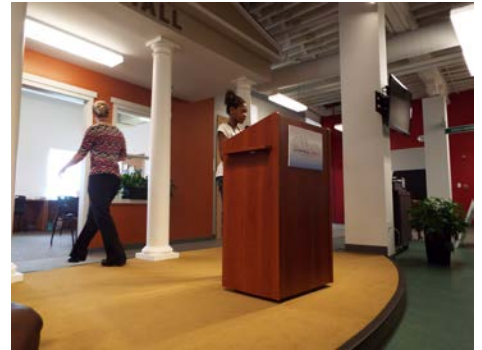

She said, "There are a lot of people she knows and it's fun."

The next question is, "What did you do to come here?"

She said, "I got my work done!"

Was what her position was She said Mayor.

## Non-Profit Organization

Hello we are the non-profit organization. We are the people who give to the people in need of help. It would be a big help if you could donate to us so that we can donate to the needy. So please think about all the people in need! Thank you!!

Come down to the sports shop on emergency

## Technology Center

Computers and laptops provide the internet  
– All we need know! Visit the Technology Center – Making life great!

## Automotive Shop

Why come to our Automotive Center?  
We fix all your vehicle needs. We have the best and lowest prices. Are hard working and honest. So come on down to Automotive Center. Where we keep you moving!

## Manufacturing Center

Hi this is the sells man we are making pens and making names. We made names like fuzzy pencil, or blooming pencils. We are all working together to come closer. We're making pencils with flowers and pens with flowers. Our boss is bringing us closer and closer but that's what jobs are for and we're looking forward to it. We have good pricing.
