Breaking News:

Who's sick of the stay off of the grass law? Do you think it's outrageous or just not necessary? The citizens of Maples have different views towards this law. Some think that it's a great law in order to keep order and limit chaos throughout the city. Others think the law is annoying and that they should not be punished for stepping foot on grass. Some people who agree with the law are annoyed because there are many people stepping on the grass and not being caught by the police.

When discussing the grass law, Judge Jed said that several citizens were already caught breaking the law.

Two citizens of Maples, Josh S. and Jacob L. were both caught stepping foot on grass. Both citizens do not agree with this law. I discussed the incident with both of them so they could voice their opinions.

When I asked why he didn't agree with the law his response was "Cause its grass c'mon"-Josh S.

Most citizens are indifferent to the law. One citizen who isn't bothered by the law is Alivia L. who claims "I won't have to worry about it because I won't step on the grass."

"It's dumb because I lose money"- Jacob L.
